EXPERIENCE AND WORK HISTORY

Makers Academy

(Jun 2022 - Oct 2022)

Full-time

Trainee Full-Stack Software Engineer (June 2022 – Oct 2022)

- A full-stack software engineering bootcamp which teaches an industry-led, language agnostic curriculum.
- Heavy focus on TDD, utilised version control, CI/CD and pair programming.
- Daily use of agile methodologies through daily stand ups, weekly retrospectives, code reviews and project management through Trello.
- Dedicated emotional intelligence curriculum.

Flooz (Remote)**(Mar 2022 – May 2022)***Full-time**Software Engineer (Mar 2022 – May 2022)*

- Built new features on the front-end for the flooz.trade app.

Thrill Digital (Remote)**(Oct 2021 – Apr 2022)***Freelance**Front-End Engineer (Oct 2021 – Apr 2022)*

- Lead the front-end development for the Astra metaverse game initial website.
- Lead the Rodheadz NFT project and website development. Generated the initial Rodheadz to be minted on the Solana blockchain.

Santander UK (Milton Keynes/London)**(Sep 2017 – Mar 2022)***Full-time**Apprentice Front-End Engineer – Continuous Governance Team (Oct 2020 – Feb 2022)*

- Worked on front end tasks related to the maintenance of the organisations' internal governance platform for product teams within the bank.

Apprentice Front-End Engineer – Innovation Hub (Milton Keynes) (May 2019 – Sept 2020)

- Worked on the development of the innovation hubs' internal learning and mentoring platform. Which generated an increase in upskilling among technical colleagues and active collaboration.

Apprentice Cyber Security Analyst – Cyber Defence Centre (Sep 2018 – Mar 2019)

- Lead the monitoring of the organisations' suspect mailbox regarding all suspicious emails relating to company employees internally and externally within the UK.
- Conducted data analysis using Palantir within the Cyber Defence Centre.

Apprentice Innovation Consultant – Innovation Hub (London) (Mar 2018 – Sep 2018)

- Designed user template guides for technical and business teams within the bank using Gitlab and the markdown format.
- Lead the organisation of and facilitated two internal events in Milton Keynes and Leicester. Promoting data science along with design and collaboration. With over 40+ colleagues in attendance on both occasions.
- Lead the research and produced reports to senior management on innovative technologies and services within the financial sector.

Apprentice Business Consultant – Chief Data Office (Sep 2017 – Mar 2018)

- Created inventories for all traceability documentation and systems lists resulting in an organised and accessible data structure for senior management.
- Created excel spreadsheets relating to the organisations' metadata. Which resulted in both the business data strategy and architecture teams having an updated inventory for their respective data.

Superdry (Milton Keynes)**(Sep 2016 – Oct 2021)***Full-time**Sales (Sept 2016 – Oct 2021)*

- Advising customers on the latest trends.
- Styling customers according to their specifications and size.
- Ensuring the shop floor and fitting rooms are organised and well stocked.

Superdry (Milton Keynes)**(Sep 2015 – Jan 2016)***Part-time**Sales (Sept 2015 – Jan 2016)*

- Sales advisor for the Superdry concession within the House of Fraser Milton Keynes store.
